

## CD603 Configuration Guide

**CD603 Condumax Dew-Point Analyzer**  
**Automatic On-line hydrocarbon and water dew-point analyzer for natural gas**  
**No material certification as standard**

### Base Model

CD603 Condumax Dew-Point Analyzer **CD603-MON**

### Hazardous Configurations

ATEX/IECEX and North American Certified – 24VDC **A**

ATEX/IECEX and North American Certified – 90 to 260 VAC **B**

### Calibration

Standard (HCdp at 50mg/Nm3 sensitivity + 2-point Wdp) **A**

Enhanced (additional HCdp at 5mg/Nm3 sensitivity + 2-point Wdp) **B**

**NOTE: CD603-Mx (Material Certificates) should be added as an additional line item if required.**

### Ordering Example

**CD603-MON-BA**  
**CD603-M1**

**CD603 Analyser ATEX/IECEX and North American Certified – 90 to 260 VAC, Standard (HCdp at 50mg/Nm3 sensitivity + 2-point Wdp). Material certification to BS EN 10204 3.1**

## CD603 ACCESSORIES, SPARE PARTS, DOCUMENTATION & SERVICES

### Material Certification

* CD603-M1	Material certificate to BS EN 10204 – type 3.1
* CD603-M2	Material certificate to BS EN 10204 – type 3.1 + NACE MR0175 Conformity

### Spares & Accessories

CD603-SSC-S	Standard (HCdp at 50mg/Nm3 sensitivity + 2-point Wdp)
CD603-SSC-H	Enhanced (additional HCdp at 5mg/Nm3 sensitivity + 2-point Wdp)
* SP-MC	Material Certificates for spare parts

### Services

CD603-S-SX	Standard Sensor Exchange (HCdp at 50mg/Nm3 sensitivity + 2-point Wdp)
CD603-H-SX	Enhanced Sensor Exchange (additional HCdp at 5mg/Nm3 sensitivity + 2-point Wdp)

### Extended Warranty

CD603-EW24	Additional 24 months from invoice date
CD603-EW36	Additional 36 months from invoice date

**\* On certain labor intensive services, no discount can be offered. These items are always offered at list price.**
